Day 04 – SCHOOL AWARENESS PROGRAMME

The programme planned for day 04 was to create awareness among school students on various health related issues as well as some competitions were organised for the students to make them interact and participate actively in the programme. The NSS volunteers educated the school children on Hand hygiene by demonstrating the same through a simple and much informative dance. They went on to explain the 'Good touch Bad touch' by showcasing a doll to the students. An awareness on the importance of being physically fit as well as consuming nutritious foods was created through a presentation using powerpoint slides. Some competitions were organised like handwriting as well as the school students took part actively in dancing and singing. A wonderful display of Silambam was performed by one of the NSS volunteer. Small gifts were given to the school students as a token of appreciation.
