## Greetings from Vinayaka Mission's Research Foundation (Deemed University)

Dear Alumni,

COVID-19 pandemic has posed unprecedented challenges for India and the world. All societies, industries and businesses have been affected. VMRF has been earnestly working to provide COVID 19 healthcare services in hospitals associated with our medical colleges by dedicated wards, ICU and trained front line healthcare staff.

VMRF has contributed Rupees Fifty Lakhs for Tamil Nadu Chief Minister's Relief Fund, Rupees Twenty Five Lakhs for PM Care Fund and Rupees Ten Lakhs for the Government of Puducherry. VMRF is continuously supporting the communities across five locations in Tamil Nadu and Puducherry by providing food and other relief materials.

VMRF Innovation and Incubation Center has developed "V2Buddy" Nursing Robot to minimize the exposure of nursing staff in COVID 19 treatment and have donated one each to Omandurar Government Medical College Hospital, Chennai and Government Indira Gandhi Hospital, Puducherry.

VMRF Homoeopathic Medical College has been helping the communities by providing immunity boosters as per the recommendation of Ministry of AYUSH, Government of India.

During the lockdown period, VMRF is successfully delivering all courses across faculties through the digital platforms. We take regular feedback from students, parents, teachers and experts to improve the digital engagement process.

VMRF is also conducting a series of webinars inviting eminent speakers across the industry from India and abroad. We encourage you to participate as speakers and enrich our students and faculties.

At this moment of crisis, we are reaching out to each one of you to join hands with VMRF with your contribution to support affected communities. A separate COVID 19 FUND has been set up and monitored by a committee headed by the Vice Chancellor.
