The NSS unit with all its representatives took great efforts in guiding and encouraging many students as well as faculties to actively participate in an online quiz to extend our moral support to the Indian Contingent by creating awareness among our students and faculties about the Olympics and Indian participation. On successful completion of the quiz, each participant was awarded with an e-certificate marking their participation.

In making these efforts the NSS unit succeeded and around **150 volunteers** comprising of faculties, Interns and UG students took part actively in "Road to Tokyo Quiz" and all of them received their E-certificates. It is indeed a great achievement for NSS unit to make a total of **150 volunteers** from our institute to participate in this wonderful initiative by our Government to promote the awareness as well as provide moral support to our Indian Contingent for the Tokyo 2021 Olympics.

In this regard the NSS have played a pivotal role in creating awareness as well as spreading the same to the medical fraternity and in turn to the society.
