Day 06 – SAPLING PLANTATION & SCHOOL WALL PAINTING

On the penultimate day of the special camp, the NSS student volunteers performed two useful activities – plantation of saplings and painting a wall in the school. The student volunteers painted the wall in the school in their respective villages and each painting was unique including the one with the portrayal of Dr.APJ.Abdul kalam, another one with the depiction of a cartoon and a thirukkural with its meaning while the last one with a painting showcasing the importance of water conservation. The NSS student volunteers also planted the saplings within and just outside the school campus along with the school students and their teachers. The NSS student volunteers also explained the importance of planting saplings to the school students as well as requested them to take care of the saplings daily and even allotted each sapling to different group of school students. The school students also promised to take care of the saplings.
